

Globethics.net is a worldwide ethics network based in Geneva, with an international Board of Foundation of eminent persons. It provides an electronic platform for dialogue, reflection and action on ethics. Its central instrument is the internet site [www.globethics.net](http://www.globethics.net). Globethics.net has three objectives:

**Access** to ethics resources: to ensure that people in all regions of the world are empowered to reflect and act on ethical issues. In order to ensure access to knowledge resources in applied ethics, Globethics.net has developed its *Globethics.net Library*, the leading global digital library on ethics. Globethics.net took this initiative to ensure that persons - especially in Africa, Asia and Latin-America - have access to good quality and up to date knowledge resources on ethics. The founding conviction of Globethics.net was that more equal access to knowledge resources in the field of applied ethics will enable persons and institutions from developing and transition economies to become more visible and audible in the global discourse on ethics. There is no cost involved in using the library. Individuals only need to register (free of charge) as participants on the Globethics.net website to get access to all the full text journals, e-books and other resources in the library.

**Networking:** The registered participants form a global community of people interested in or specialists in ethics. On its website it offers participants the opportunity to join or form electronic working groups for purposes of networking or collaborative research.

**Research:** The international secretariat, based in Geneva, currently concentrates on three topics of research: *Business and Economic Ethics*, *Interreligious Ethics* and *Responsible Leadership*. The knowledge produced through the work groups and research finds its way *into collections and publications*, more specifically in the two series *Globethics.net Series* and *Globethics.net Focus* that are also made available online for free in the Globethics.net Library.
