

**World Class Sustainability Ethics**  
**15-17 April 2024 (in English)**  
**José Antonio David/Ana Muro**  
[See Course Page](#)

## About this Executive Course

The **World Class on Economic, Social and Ecological Ethics** focuses on the acquisition of knowledge, competences and skills in the area of sustainable development. The United Nations' Sustainable Development Goals are used as the underlying rationale to analyse the connection between sustainable patterns of production and consumption, care for the environment, wealth distribution, responsible governance and societal participation.
