How to connect with friends/peers of Globethics.net Network

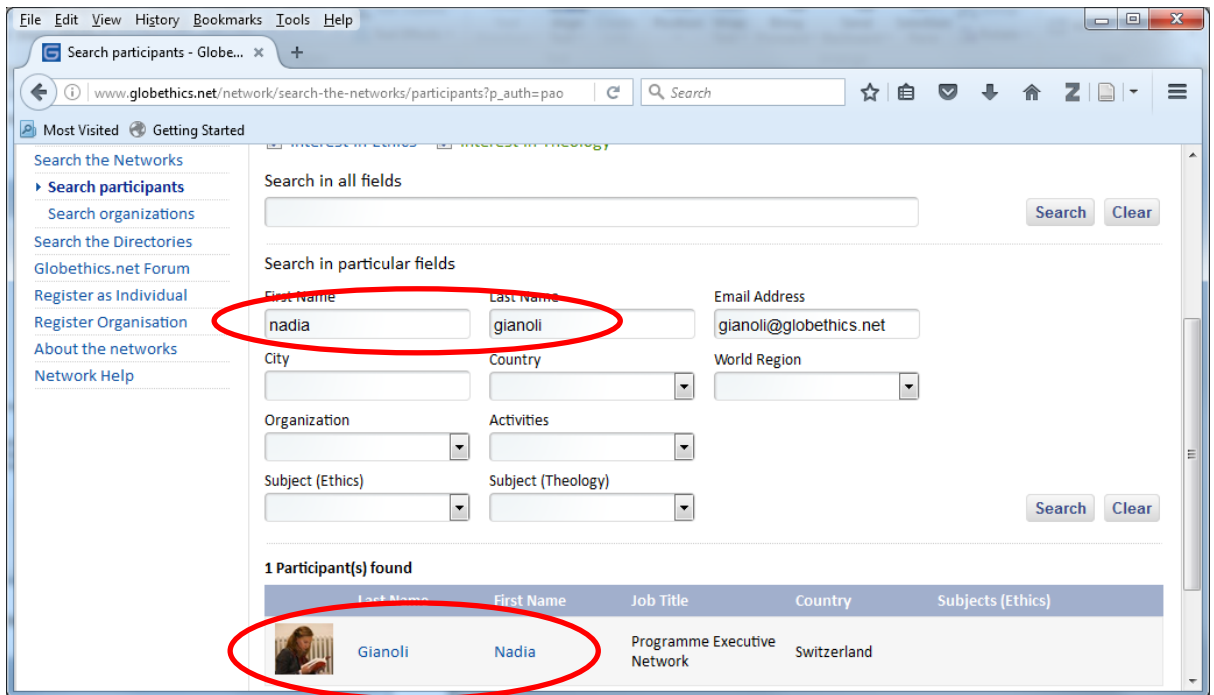

1. Login with your Globethics.net user ID (your email address) and password
2. Click on “My Connections” in your profile (user account)

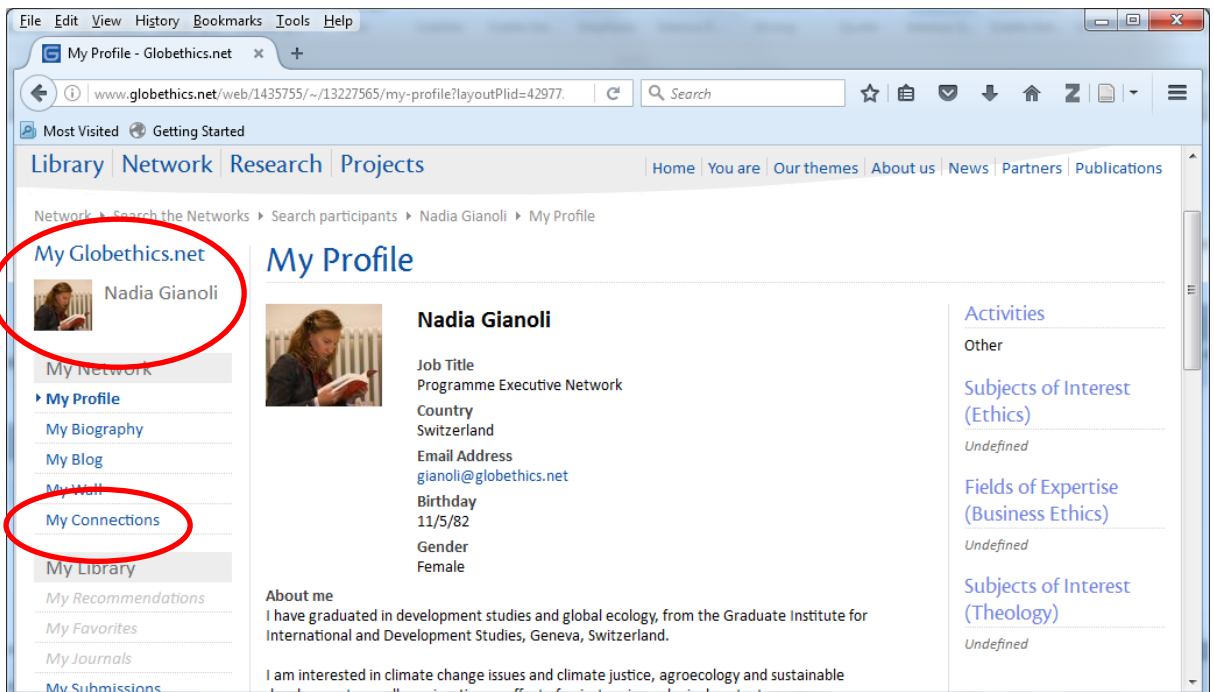

3. You see all your connections. Scroll down, at the bottom click on “Search participants to add as friends”

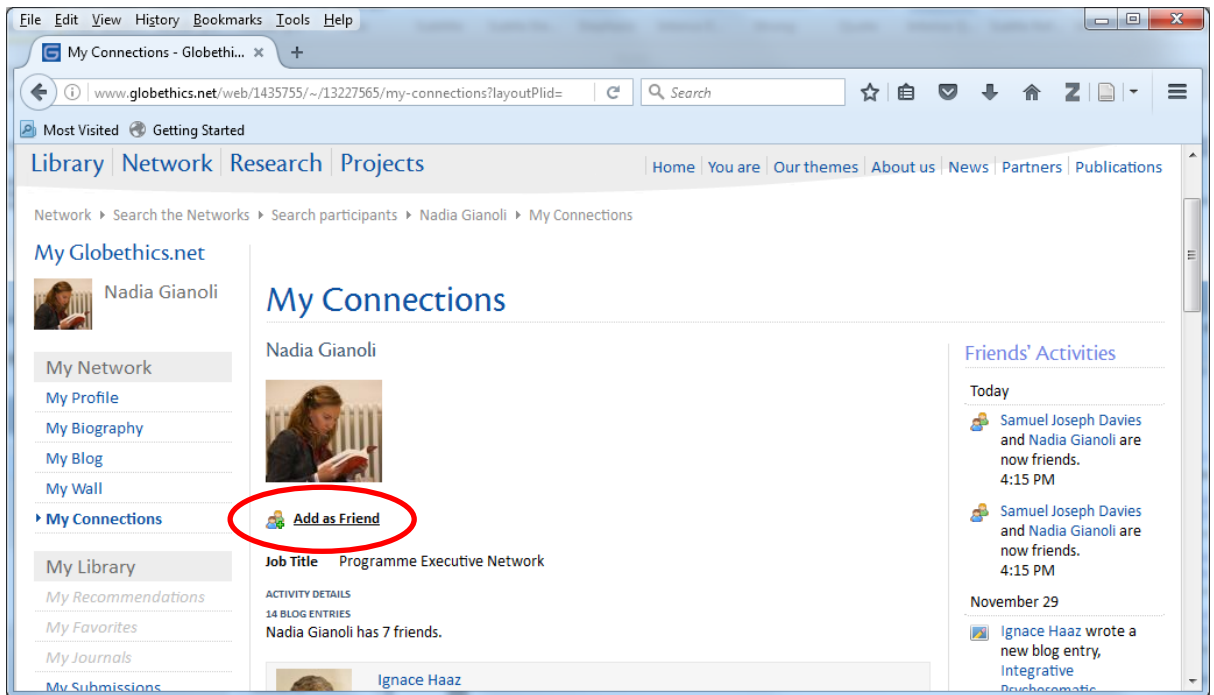

4. Search for the person you want to connect with (f.ex. somebody in your country with similar interests) and click on her last name/first name/photo portrait

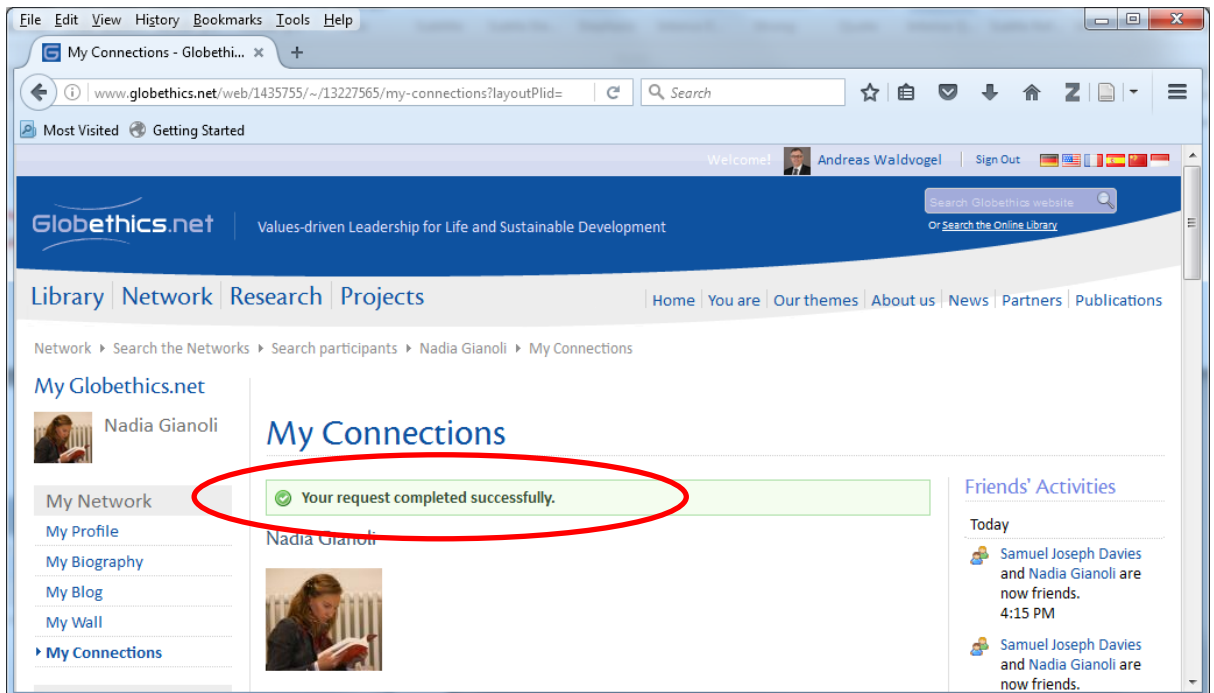

5. You see now his/her profile. Click on “My Connections” within his/her profile

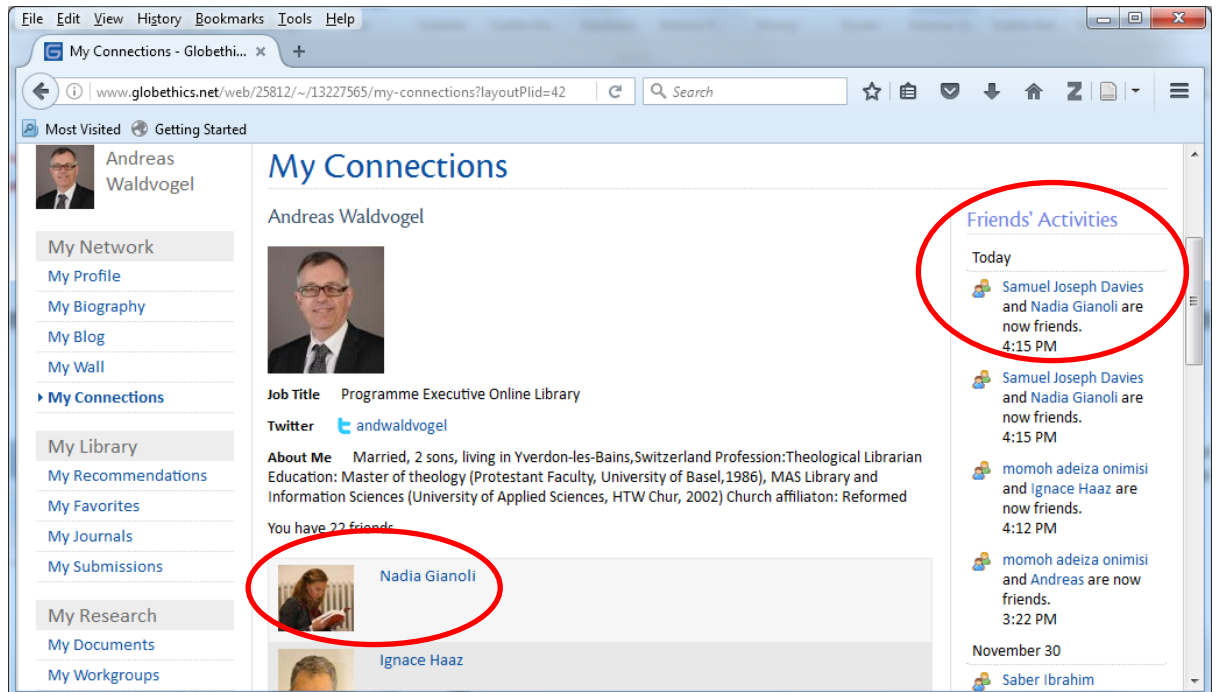

6. Click on “Add as Friend”

7. “Your request completed successfully”

8. He/she will receive an alert on his/her profile, with your request and is prompted to either accept (confirm) or deny
9. In case the person accepts your request, you will be connected, and this person will appear on the list of “My connections” in your own profile.

10. And each time you are logged on your profile, you may follow your friends' activities on Globethics.net...

So stay tuned with your friends and peers' latest news!
