

# The Consortium as Vision (1)

The Agreement – expectations,  
clarifications and Challenges

# Objectives

- Support joint educational projects in Ethics education for sustainable development in partnership with selected partner institutions
- Add value by income and non-income generating activities to provide quality programmes and services that meet the needs of our target groups.

# Provide an ethical environment

## Income generating

- Build capacity for a more ethical and responsible governance re support staff, teaching staff, management & donors relations
- Provide advisory services (development of anti-corruption policies, code of ethics, and their implementation)
- Provide support in monitoring, auditing, ethical assessments, leading to certification

## Non-income generating

- Awareness raising through workgroups and fora (including Global Ethics Forum), exchange of best practices, guidelines, and publications on applied ethics from a global, regional and national perspective
- Share resources and experiences on the online platform, intercultural and interfaith dialogue, ethics news, etc.
- Connect stakeholders involved in the implementation or development of SGD#4

# Provide support for students

## Income generating

- Curated content for specialized courses
- Career opportunities in ethics-related professions (including through courses and certification as ethics professionals)
- PHD theses publication

## Non-income generating

- Access to quality teachers, content, and teaching environment
- Access to library
- Possibility of active participation in an international network
- Career and scholarship opportunities through sharing of resources and experiences on the online platform

# Provide support for teachers

## Income generating

- Build capacity for teaching and research in normative and applied ethics in management and leadership
- Build curated content for specialized courses
- Provide access to resources and peer to peer exchanges
- Develop certification for ethics teaching professionals

## Non-income generating

- Online library resource on ethics and sustainable development topics and Intercultural studies
- Forum on best practices on teaching, research and publications in these fields
- Connect with peers or actors involved in the implementation or development of North-South relations in line with SGD#4;

# The Consortium as Vision (2+3)

Challenges, Problems, Solutions,  
Ownership

# Support to Consortium Members

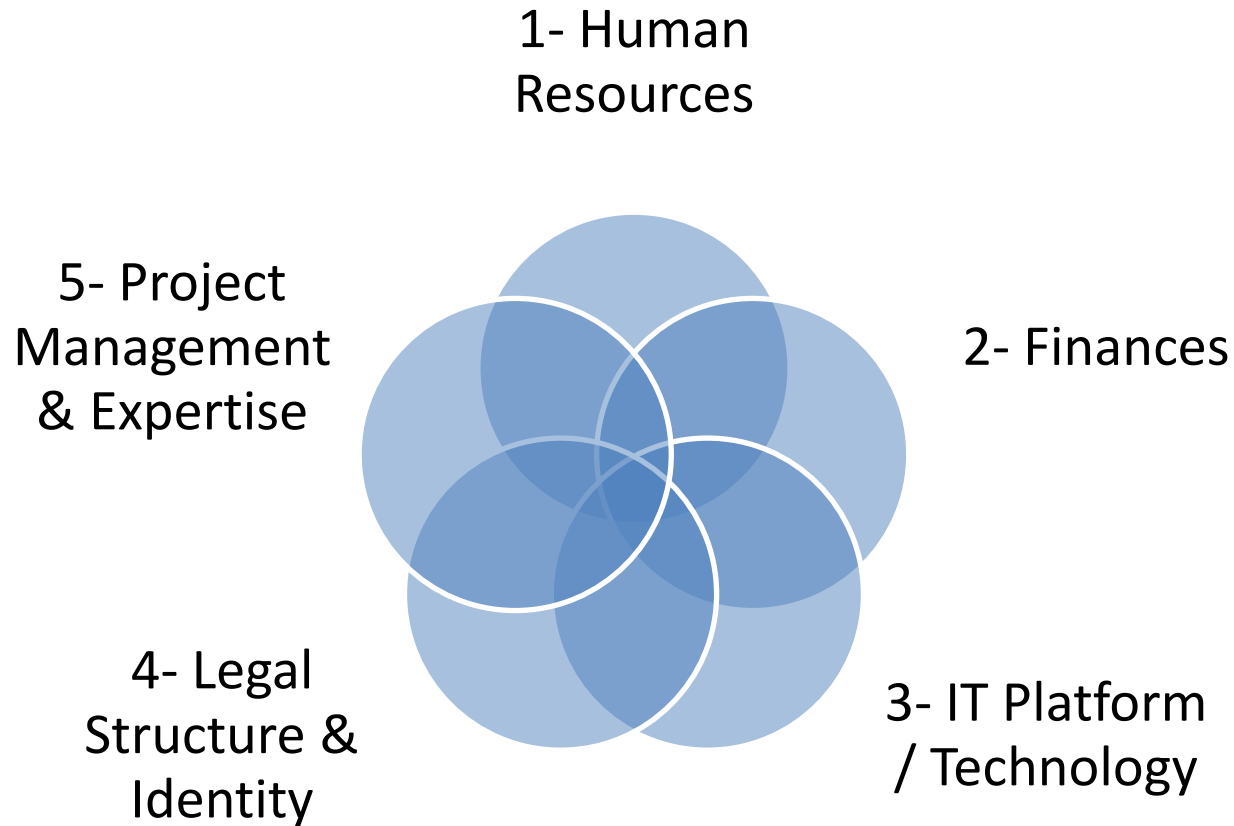

- Coordinates joint educational projects on ethics in higher education, to allow **transfer of knowledge and integration of professional standards** through curriculum development, teaching materials, surveys..
- Creates synergies for a sustainable model of development, in line with *UNESCO Education Framework 2030*.

# Our strengths

- Expertise in Ethics Education & Sustainable Development Studies
- Digital library with unique content on Ethics
- Platform for dialogue and joint projects in Ethics education with our Global network.

# Challenges : 5 Conditions for Success
